

EXHIBIT 4

Salmon Creek Watershed Projects: April – December 2003

Project Name	Funding Source	Groups Involved	Description	Cost
1. Salmon Crk Assessment	California Dep't of Fish and Game	Gold Ridge RCD, Salmon Crk Watershed Council, Prunuske-Chatham, Fish and Game	Assess the Salmon Creek watershed through water quality monitoring and erosion inventories, to designate future restoration projects.	\$187K
2. Salmon Crk Ranch Enhancement Design	Coastal Conservancy	Gold Ridge RCD, Coastal Conservancy, Fish and Game, National Marine Fisheries Service	Preparation of final engineering design, permitting, and environmental review for enhancement of agricultural properties in the watershed that will protect sensitive habitat areas and improve water quality.	\$452K/ SCC: \$250K
3. Coastal Prairie Stewardship Study	Coastal Conservancy	Ocean Song Farm and Wilderness Center, Salmon Creek Watershed Council	Collection of baseline data on local coastal prairies, experimental burns and grazing treatments to determine management practices that will enhance biodiversity in this plant community.	\$135K/ SCC: \$90K
4. Salmon Creek "Green" School	Coastal Conservancy	Harmony Union School District, Occidental Arts and Ecology Center, Salmon Crk Watershed Council, Prunuske-Chatham, Straw Project	Expansion of the environmental education program for the Harmony Union District. To Include and observation deck, nature trail, public access improvements, a nursery, native plant garden, an outdoor classroom, and the design for a Nature Center building.	\$390K/ SCC: 300K
5. Salmon Creek Estuary Study	Coastal Conservancy, California Dep't of Fish and Game	Occidental Arts and Ecology Center, Fish and Game, Prunuske-Chatham.	Study the health and functioning of the Salmon Creek estuary for salmonid habitat. Will include monitoring of salmonid populations, water quality, and flow. Will implement priority restoration and enhancement projects.	\$557K/ SCC: \$300K
6. West Sonoma Fire Safe Project	Bureau of Land Management	Salmon Creek Watershed Council, Bureau of Land Management	To work through community outreach and education to create firesafe lands and will teach residents how to create defensible space around their homes, and to create fuel breaks on and along ridge tops.	\$10K for Salmon Crk
7. Grazing Handbook	Coastal Conservancy, Sotoyome Resource Conservation Dist.	Sotoyome Resource Conservation Dist., Occidental Arts and Ecology Center	Evaluation of the coastal prairie resource from Big Sur to Oregon with specific focus on the north coast. Also, some areas of the Central Valley will be studied. Recommendations for landowners on best management practices for the resource.	\$70K/ SCC: \$60K

• Total funds from grantee's and partner's ::	\$ 861,000
** Total funds from the Conservancy ::	<u>1,000,000</u>
## Total for the Salmon Creek watershed (4-12, 2003)	\$1,861,000
